Sign Up

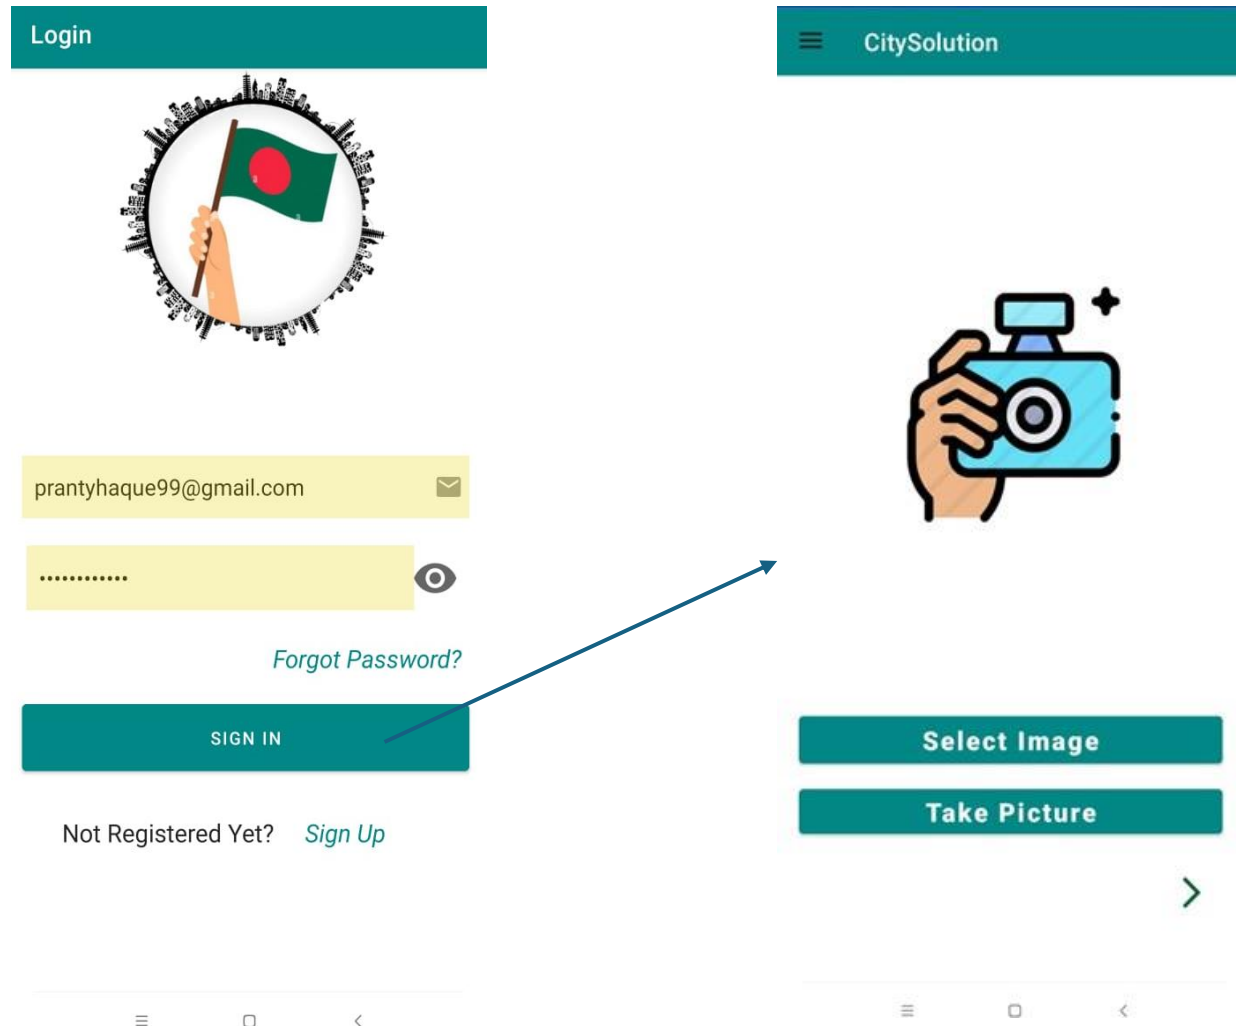

SIGN UP

Already have an account? [Sign In](#)

The email must be valid. After pressing the button “Sign Up”, A verification email will be sent to the account. After verifying, click next on the application and the home page will appear.

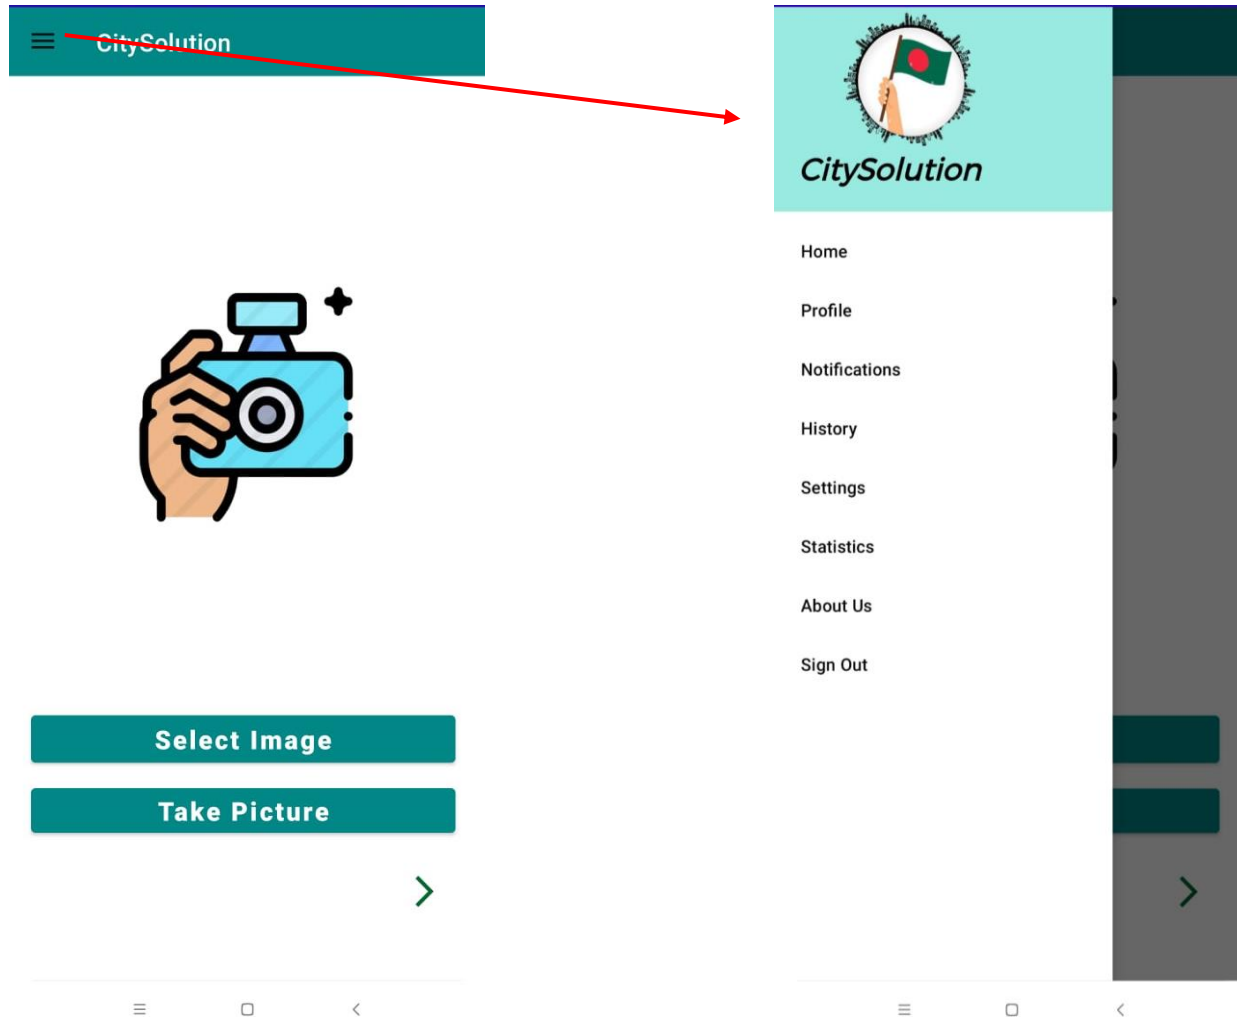

Login

In case of a registered user, he/she can login directly.

Homepage and Options

From homepage, complaints can be uploaded and different options are displayed on sidebar.

Upload Complaints

The automatically fetched location can be manually changed. But the country must be “Bangladesh”.

The first screenshot shows the 'CitySolution' app menu with a camera icon and two buttons: 'Select Image' and 'Take Picture'. A red arrow points from the 'Select Image' button to the second screenshot.

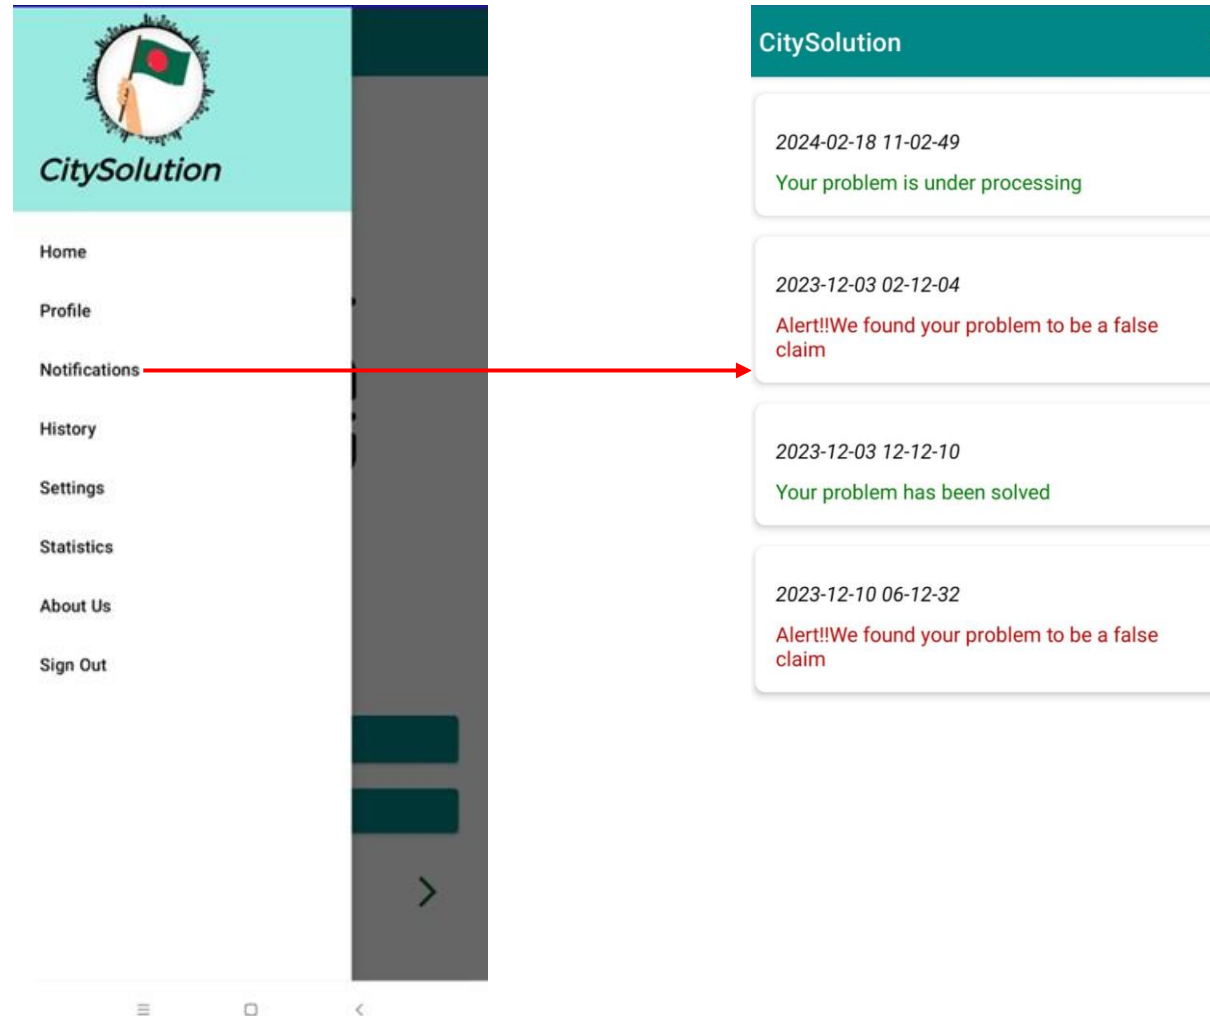

The second screenshot shows the 'CitySolution' app with a photo of a cracked road surface. Below the photo are 'Select Image' and 'Take Picture' buttons. A red arrow points from the 'Take Picture' button to the third screenshot.

The third screenshot shows the 'CitySolution' app form. It includes a photo of the cracked road, a text input field for 'Address(You can modify)', and a list of location details: 'Locality: VGX2+PQM', 'city: Khulna', 'PinCode:', 'Division: Khulna Division', 'District: Khulna District', and 'Country: Bangladesh'. Below this is a section for 'Description and Comments(optional)'. At the bottom, there is a button labeled 'DIDN'T GET LOCATION? CLICK HERE!' and an 'UPLOAD' button. A red arrow points from the 'Take Picture' button in the second screenshot to the 'UPLOAD' button in this one.

Press Upload for complaint submission.

In App Notifications

The notifications about any update from city corporation are displayed. Different colors signify different updates.

History

History shows the problems uploaded by the user. Clicking on a problem shows details.

CitySolution (Authority Application)

Installation

The user version application of CitySolution can be found here:
<https://github.com/Shama-33/CitySolution/tree/main/apk/authority>

App Icon

Splashscreen

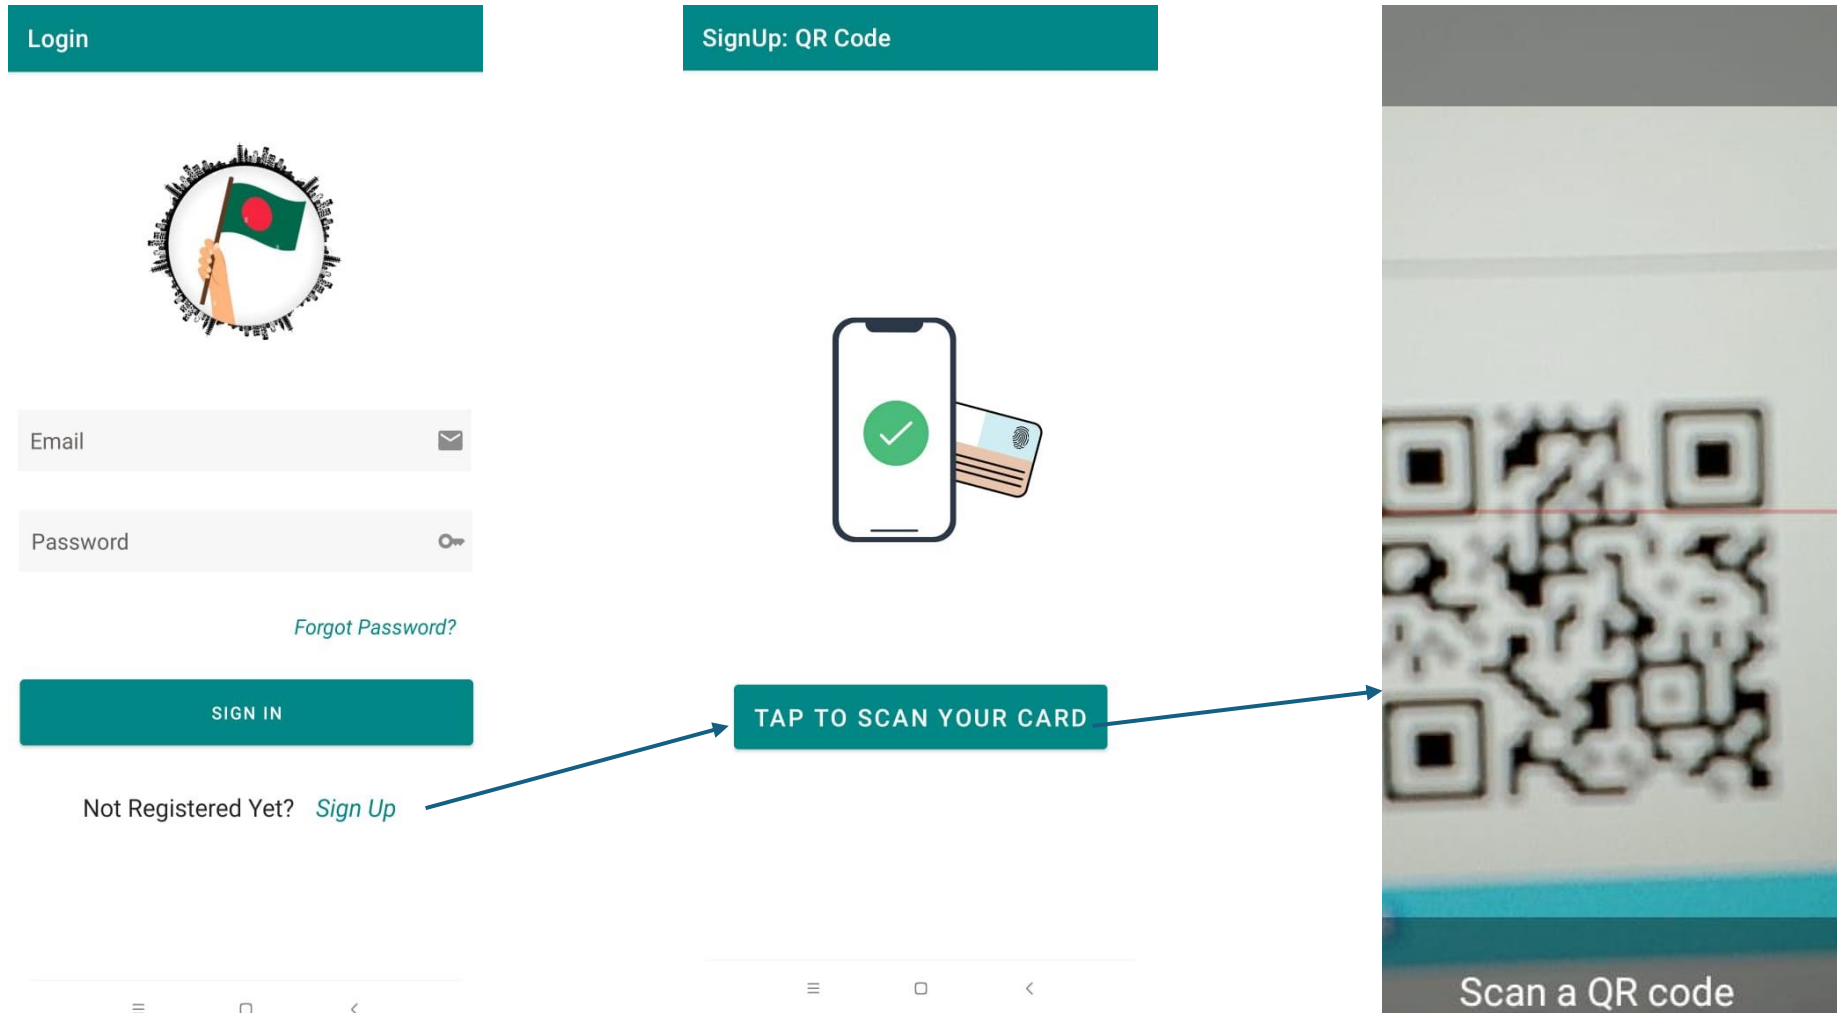

CitySolution

AUTHORITY VERSION

Registration

A QR code scan must be done at first. The QR code will have the information-employee id, first_name,last_name,city.

Registration (Cont'd...)

A QR code can be used 1 time only. An example QR code, along with format is given here.

3003 Sally Jackson Dhaka

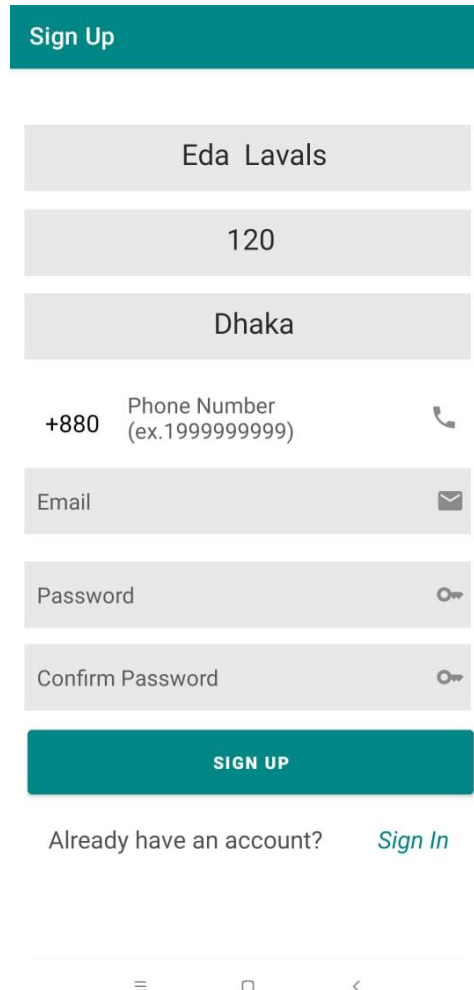

3009 Albert Einstein Khulna

Registration (Cont'd...)

After QR code scanning, the next page will appear with name, id and city fields already filled (unchangeable). Fill up the rest of the fields to sign up.

A mobile application registration form with a teal header and footer. The header contains the text "Sign Up". The form fields are: "Eda Lavals" (name), "120" (ID), "Dhaka" (city), a phone number field with "+880" and "Phone Number (ex.1999999999)" labels and a phone icon, an "Email" field with an envelope icon, a "Password" field with a key icon, and a "Confirm Password" field with a key icon. Below the fields is a teal "SIGN UP" button. At the bottom, it says "Already have an account?" followed by a teal "Sign In" link. The footer has three icons: a menu, a home button, and a back arrow.

SIGN UP

Already have an account? [Sign In](#)

The email must be valid. After pressing the button “Sign Up”, email verification will be done. After successful verification, the corresponding city information will appear.

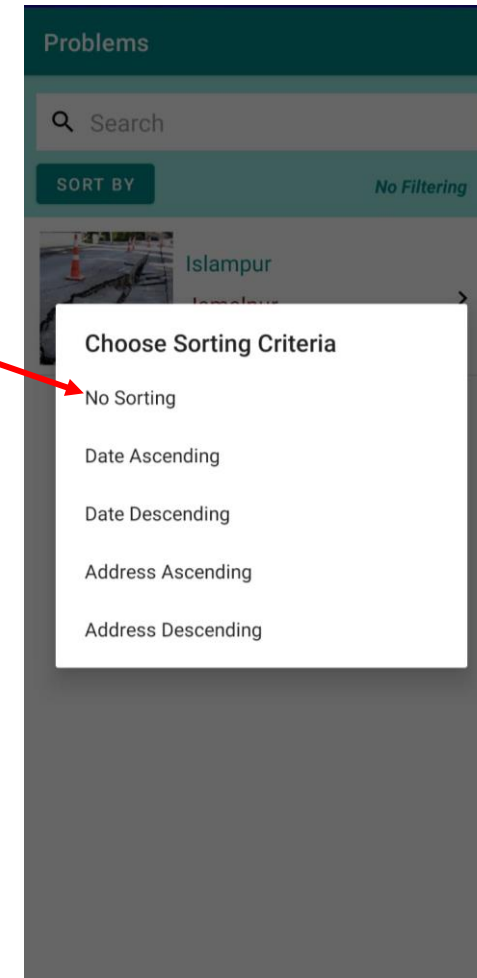

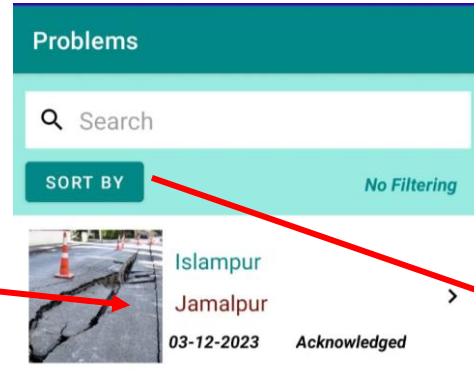

Login

In case of a registered user, he/she can login directly.

View Complaints

Successful signup redirects the employee to his/her city page. On clicking on a category in this page, the complaints of that category will be shown along with sorting options.

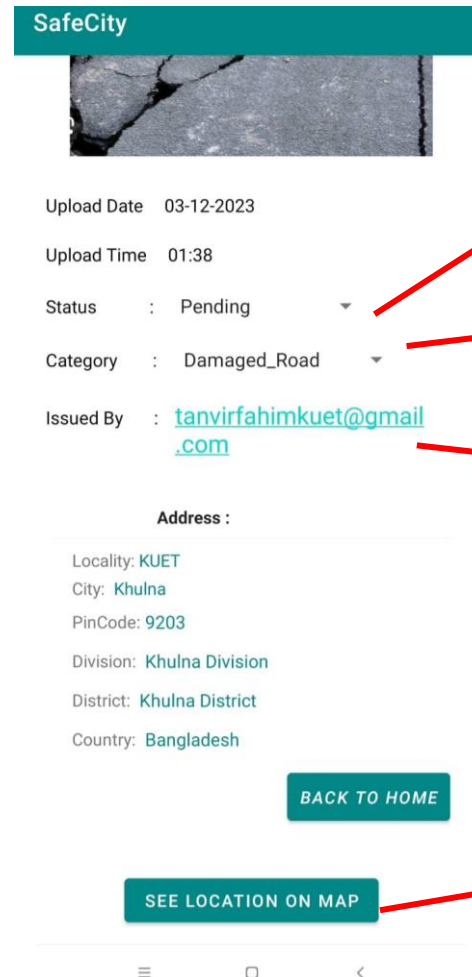

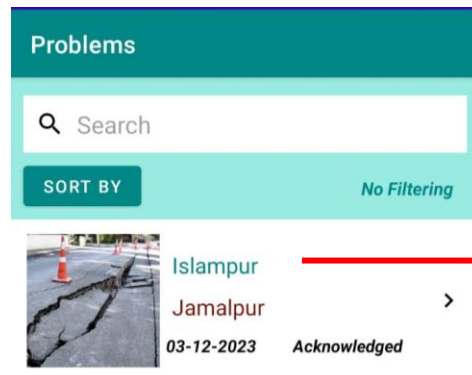

Searching can be done by city areas.

Statistics shows the graphs of the particular city

View Details and Change Status

Clicking on a particular complaint will result in details of that problem from where status can be changed.
